## Opener:

Sides face **grand square**. Why must you disappear? Why must you go when I need you here with me? Don't you know how much I love you? **Allemande left** and **weave**. Why must you say good-bye? Once you saved my life, now you're leaving me to die, girl. Don't you know how much I love you?

## Figures (Twice for heads, twice for sides):

**Heads (sides)** touch  $\frac{1}{4}$ , then you **walk and dodge**. **Swing thru, spin the top** and go. **Single hinge** and **coordinate**. **Ferris wheel** and then **square thru** go **three**. **Swing** your corner girl and all **promenade** you see. Don't you know how much I love you?

## Middle Break:

Sides face **grand square**. You give me just enough to keep me hopin'. Enough to make me forget the promises you've broken. **Allemande left** and **weave**. Why must you come around, just to pick me up so you can watch me hit the ground, girl? Don't you know how much I love you?

## Closer:

Sides face **grand square**. Why must you come around, just to pick me up so you can watch me hit the ground, girl? Don't you know how much I love you? **Allemande left** and **weave**. Don't you know (*No!*) Don't you know (*No!*) Don't you know (*No!*) Don't you know (*No!*) Don't you know, don't you know. Don't you know how much I love you?
